Now the road is paved enough blood is spilled
The path is gone ... my fate fulfilled
The gate in front of my eyes
Where sweet salvation lies

I always had to play along
The cruel game it's over now
No remorse, no fame
But the end is mine

My spirit's rising
My mind is falling
My soul is burning
Sweet salvation

The flames are licking at my shanks
Pain streams through my mortal body
There's my tortured soul
There's my evil spirit

Fanatic greed stands in their eyes
As my body turns to ashes
And my soul is free
The evil spirits is now theirs
