Don't you wanna be a personality  
An ocean in the sea?  
But you'll never make it if you can't shake it  
So don't mistake it, just try and fake it

And I want you to know, you don't have far to go  
So we'll use all your dough to buy new clothes  
And see what flows, and powder your nose  
For those photos

You're almost on your way to popularity  
And we'll teach you to play  
With icy stare and punk rock hair  
And Beatnik flair, we'll take you there

'Cause there's nobody else like you  
And we sure care just what you're doing  
After we have gone our separate ways

So don't you want to be a big time entity?  
Your place in history  
But don't be scared of what we said  
'Cause there's no end to being your friend

But wait out in the hall, we've just received a call  
We'll have to dump you all  
But don't you try to pass us by  
'Cause we own you until we're through

And there's so many round like you  
And we don't care just what you're doing  
After we have gone our separate ways
