I went down to the Circle K
I saw Kieran all the way
got myself a sausage roll
cost too much and it was cold

oh my god I want to cut you open
oh god I am not joking
I went down to the Circle K
went home again that day

want to throw you off a bridge
want to kick you in a ditch
goin' down to the Circle K
you gotta ? to give him some air

this'll be the end of the song
thank y'all for coming along
next time we'll meet at the Circle K
and ?
?, yeah

ooh, I went down to the Circle K
