You make my eyes glow
Conjunctivitis!
What ever it is
Feels like bliss

You make my heart burn
Appendicitis!
What ever it is
Feels like bliss

You'll never know I adore you
I get this pain in my head
Then comes the time when I'm near you
I nearly fall on my
Head spins
Meningitis!
What ever it is
Feels like bliss

You're making my teeth shine
Gingivitis!
What ever it is
Feels like bliss

You'll never know I adore you
I get this pain in my head
Then comes the time when I'm near you
I nearly fall on an
Angel
Down from the sky
You give me your halo
You say with a sigh

You tell me it's time now
To make a new start
You wanted my kidneys
I gave you my heart

You make me sick when I see you
I get this pain in my head
Then comes the time when I'm near you

I think I'm already dead
Already dead
Already dead
Already dead
Already dead
Already dead
Already dead
Already dead
Already dead
