Oh yeah

Honey you been wasting your time, Keep trying to get
me, get me to the line, I been going out all night long,
Can't even get me on the telephone
On my way, Honey you don't have to turn me on

Just want to stay a little longer now, I'm on my way
Just take a load off this time, I'll be coming back, to be
with you tonight, Don't you know baby I'm in love, Well I
been drinking now, And you been thinking now, I'm no
good now, I'm never coming back
On my way, Honey you don't have to turn me on

Just want to stay a little longer now, I'm on my way

Oh yeah, alright
Alright now baby
Alright now baby
Yeah common
Oh yeah right now

Want you together with me, Just not the same alone,
You know it's meant to be, Honey I been lovin our time,
So c'mon home right now, Let's get together now, Just
you & me now baby, Just you & me now now
On my way, Honey you don't have to turn me on

Just want to stay a little longer now, I'm on my way
Let's do the talking, C'mon I tell ya how, Let's get
together, Just you & me now

Let's do the talking, Let's get together, Just you & me
now baby, On my way
