all day all I think about is you  
can't wait to do all the things we do  
slip in to my jeans and Ill be gone  
takes me half a day to get them on

chrous  
here's where i'd wanna be  
hanging out in the parking Lot  
don't you know I was born to rock  
heavy metal boys make me hot  
nah-nah-na-na-nah  
hanging out in the parking lot  
see the charger go round the block  
wish the seventies never stopped  
nah-nah-na-na-nah  
nah-nah-na-na-nah

all week all i think about is you  
one day my name there on your tattoo  
ripping stuff off from the grocery  
getting chased by the security

[Chorus]

Uh-huh

today all i think about is you  
wonder what it is all day you do  
waiting till the day when you'll be free  
so sad now that you're in custody

[Chorus]
