Come on baby put your lips on mine  
You and I got nothin' but time  
I know a spot just down the road  
Where the sweet red wine and the love and the river  
flows  
Put your pretty little feet up on my dash,  
Baby just like that  
And don't look back

Chorus:

I can't stop wondering why you're with me  
And why you looked my way  
Tell me what I did just to turn your head  
To get to wake up with you every day  
You know a good love is hard to find  
Guess you get lucky sometimes

Girl you light it up when you walk in a room  
Ain't no doubt all eyes are on you  
No I can't blame them when they stare  
Cause you look so good when you let down your hair  
Knowing I'm the one that's gonna take you home  
Really turns me on  
And we've got all night long

Chorus:

I can't stop wondering why you're with me  
And why you looked my way  
Tell me what I did just to turn your head  
To get to wake up with you every day  
You know a good love is hard to find  
Guess you get lucky sometimes

Well I can't stop wondering why you're with me  
And why you looked my way  
Tell me what I did just to turn your head  
To get to wake up with you every day  
You know a good love is hard to find

One like yours and mine

Guess you get lucky sometimes

Guess you get lucky sometimes

Get lucky sometimes

Get lucky sometimes
