"Fish And Chips"

I like green bannana's and pink ice cream
Wobbly jelly makes me scream
My mum's burgers are pretty nice
But fish and chips are for me

(Chorus)

Fish and chips
Fish and chips
Makes me want to lick my lips
I eat them for breakfast lunch and tea
Fish and chips are for me!

(rap)

Cornflakes for breakfast?
Yeah man they'll do
But can't I have fish and chips with that too?
Mum and dad I'm not been mean
But other food is rubbish
All I want are some fish and chips
Yo ya know I love those burnt chips and soggy pizzas
b... b... but
I pester my poor mum to buy me some
FISH AND CHIPS!

Fish and chips
Fish and chips
Make me want to lick my lips
I eat them for breakfast lunch and tea fish and chips
are for me!
