I get these crystal dreams  
But blurry thoughts run through my mind  
I have those days when I  
Just wished I woulda stayed in bed  
Winding down this windy highway  
I get lost just finding my way  
But every day I try again and again

The picture's always changin'  
But my heart, it's still in motion

### **CHORUS**

I give in to the feeling  
Mistakes stacked to the ceiling  
I find love is revealing  
All along the road I'm walking  
There is no contradiction  
I live above my condition  
I press on with conviction  
All along the road I'm walking

I believe I feel a higher purpose calling me  
So every day  
I'm moving toward their destiny  
Searching for my perfect place  
Makes me want his perfect grace  
So I listen for His voice

His choices are like sign  
They lead us to our destination

### **REPEAT CHORUS**

No time for regrets  
No matter what they say  
Clear into tomorrow  
Goodbye yesterday

### **REPEAT CHORUS**

### **REPEAT CHORUS**
