"Crosses And Crowns"

For those who seek the face of God
For those who call the name of Christ
The road upon this earthly sod
Will someday lead to paradise
We embrace the cross of Calvary
Pressing toward the prize we will receive

CHORUS

We're waiting on new wings
Searching an old sky
Praying for the day
We'll see heaven coming down
There's a promise land awaiting
But there's mercy in the meantime
While we're walking on this ground
Between crosses and crowns

We stumble and we lose our way
We question what we're doing here
Yet all the time we watch and pray
Wondering if the end is near
So He left us His amazing grace
Until we see Him face to face

CHORUS

BRIDGE

We're pilgrims on this mission field
Where the heart gets changed
And the soul gets healed
There's a purpose in these shadow lands
Between the crowns of gold
And His nail-scarred hands

CHORUS
