"Faith In You"

Some days I don't wanna try
Some days are filled with whys
They leave me speechless
Those days I crawl back
And cover up my head
And call on Jesus

When words aren't enough
To voice all the hurt in my soul
I just fall on the trust
That won't let me go, 'cause...

CHORUS

My strength is only as strong
As my faith in You, my faith in You
And my life is built upon
My faith in You, my faith in You

This life can turn on a dime
Without a reason or rhyme
My dreams are shattered
That's when I find once again
The beauty of Your plan
Is all that matters

There's nothing else I can do
Just whisper Your name
Call on His mercy
That proves once again
