People everywhere looking for a place to fit in
Searchin for something that the world says
Is found from within
They go on living as they cover the pain
Caught up in beauty, power, fortune or fame

Do you wanna feel free
Do you wanna feel complete
Do you know that there is someone
Who can meet all your needs

(Chorus)
Just turn over your heart
Tear down the fences
And let forever begin
There's nothing to gain
By remaining the same
Give in and let forever begin
Will you let forever begin?

It doesn't matter where you've been
it doesn't matter what you've done
He'll take you just the way you are if you'll receive the
Son
So take a giant leap into a world that's filled with hope
To a love beyond all comprehension like you've never
known

It's your time, It's your life
It's your soul, He wants everything

(Repeat Chorus)

(Repeat Chorus)

Nothing short of a miracle
It's far beyond our wildest dreams
Take on His shelter of grace
Be forgiven and let forever begin

Do you wanna feel free

Do you wanna feel complete
Do you know that there is someone
Who can meet all your needs

(Repeat chorus)
