My whole life I've searched my heart
I was looking for answers
You changed me and You gave me hope
Of a life ever after
Just one look at Your Truth
And my whole world has turned to You

CHORUS

You are the only One for me
Light on a dark and stormy sea
You are the only One
I can't believe what love can do
I never dreamed that I'd find You
You are the only One

With Your life, You paid a debt
That You did not owe
You completely and graciously
Came down to save my soul
All of my cries they seem to leave
Jesus, Your Spirit lives in me

CHORUS

BRIDGE

You are the Rock that I can stand upon
You are my strength when all hope is gone
You are the only One

CHORUS
