"We Never Win"

We never win, we never win, we never win,
We never win because we're fine with it,
We never tried, we never tried, we never tried,
We never tried and that is half of it,
We can take it all, we can have it all, we can take it all,
We can have it all or leave it just the same,
We never say, we never say, we never say,
We never say the things we should have said

Even your friends, even your friends, even your
friends,
Even your friends and everyone you know
We never do, we never do, we never do,
We never do the things we should have done,
We never change, we never learn, we never change,
We just repeat the same mistakes again,
Which we're never done, we're never done, we're never
done,
We're never done and finished paying for

We never win, we never win, we never win,
We never win because we're fine with it,
We never win, we never win, we never win,
We never win because we're fine with it

You keep your lights off, keep it all out, shut it all out,
Keep your lights off until they're almost gone,
We never thought, we never thought, we never
thought,
We never thought we had a real chance did we?
Fish on a hook, fish on a hook, fish on a hook,
Calling it off and nearly anything,
We have a life, we have a life, we have a life,
We have a life so don't be scared of it

We never win, we never win, we never win,
We never win because we're fine with it,
We never tried, we never tried, we never tried,
We never tried and that is half of it,
We'll never know, we'll never know, we'll never know,
We'll never know but then I'll get used to it,

We never win, we never win, we never win,
We always step aside and let them take over

We never win, we never win, we never win,
We never win because we're fine with it,
We never win, we never win, we never win,
We never win because we're fine with it,
We never win, we never win, we never win,
We never win because we're fine with it,
We never win, we never win, we never win,
We never win because we're fine with it
