My empty promises  
Led to our demise  
And I could never tell you how I really feel  
And for that I eternally apologize

I hope you never forget the tapping at your window  
With the harsh cold and the jealousy  
Running through my bones  
We were both selfish, but I think I was more

I would like to thank you  
For showing me  
A part of myself  
That I have never seen

Yeah, we were young and dumb  
But it still was fun  
And I guess these things  
Just tend to fall apart  
And I hope you feel the same

My empty promises  
My empty promises  
Brought us to an end  
I just hurt you and I never looked back  
Now I have no logic to defend

I hope you never forget the tapping at your window  
With the harsh cold and the jealousy  
Running through my bones  
We were both selfish, but I think I was more

I would like to thank you  
For showing me  
A part of myself  
That I have never seen

Yeah, we were young and dumb  
But it still was fun  
And I guess these things  
Just tend to fall apart

I would like to thank you  
For showing me  
A part of the world  
That I have never seen

Yeah, I was young and dumb  
But it still was fun  
I'm forever indebted to you  
And I hope you feel the same

You seem like such a big part  
Of my life and my heart  
But the truth is I've found something new  
And she easily towers over you

You seem like such a big part  
Of my life and my heart  
But the truth is I've found something new  
And she easily towers over you
