Hello, is this thing on, are you listening to me?
I need roughly a million people to help
Assemble a brilliant rebel army

Take all division from religion and just throw it out
Whatever you believe you're welcome here
Let me tell you what it's all about

Bleed, everybody bleeds
Same as you and me
Pour and mix our lives together
And flow into the streets

Are you still with me, am I making myself clear?
Don't get distracted by the puppet show of politicians
They put one on every single year

So take all excuses your fear produces
Lying among bill row
We're gonna execute them and then salute them
Let our courage grow

Bleed, everybody bleeds
Same as you and me
Pour and mix our lives together
And flow into the streets

At the end of the day
We all share the same consequence
Nobody is immune to death
Or the taste of all our eagerness

All across the grove, it's deafening
(So everybody knows)
All existence clear your throat and sing
(Everybody knows)

Bleed, everybody bleeds
Same as you and me
Pour and mix our lives together

Bleed, everybody bleeds

Same as you and me
Pour and mix our lives together
And flow into the streets, hey

Everybody bleed, hey
Everybody bleed, hey
Everybody bleed, hey
Everybody bleed
