I've been waiting for the wind to change  
I've been craving the summer rain  
I wonder when she's gonna flood the plains

Will I die before I get old?  
Will I be known or unknown?  
Can you tell me why all the birds have flown?

I don't wanna leave a message  
If there's nobody home  
I thought I saw you through the window  
But I don't know

Stingin' my eyes, it's just a dust storm  
Caught outside, it's just a dust storm  
Weatherman lied, it's just a dust storm

I've been waiting for the moon to rise  
She's so luminous and wise  
When she flirts with me, I feel shy

I don't wanna leave a message  
If there's nobody home  
I thought I saw you through the window  
But I don't know

Stingin' my eyes, it's just a dust storm  
Caught outside, it's just a dust storm  
Weatherman lied, it's just a dust storm

Lonely, desolate, uninhabited  
In the reaches of no one, nowhere  
Conjured your voice again  
Shifting sediments  
But I don't know

Stingin' my eyes, it's just a dust storm  
Caught outside, it's just a dust storm  
Weatherman lied, it's just a dust storm

Miles and miles, it's just a dust storm  
Filling the sky, it's just a dust storm

Let it pass by, it's just a dust storm, oh
