Wait right here boy
I'll be back with another man's hands in mine
Please quit your crying
This kind of stuff happens all the time
And if you really want to know my reasons
Be ready to catch your jaw
Before it hits the floor

You did the best that you could do and I'm oh so proud
of you
Please forgive my bad examples I just did not know
what to do

I never meant to hurt anyone by cheating
I just felt so alone
I'm sick of being in it for the kid
I never meant to hurt anyone by sneaking
Around and upside down
The whole world is crumbling in my hands
Oh please don't tell dad

It's not the end of the world
Statistics show that I'm just another case
Please don't tell anyone
Unfaithful I broke under the pressure
But at the moment it just felt right
I don't know how I'm going to go home tonight

You did the best that you could do and I'm oh so proud
of you
Please forgive my bad examples I just did not know
what to do

I never meant to hurt anyone by cheating
I just felt so alone
I'm sick of being in it for this kid
I never meant to hurt anyone by sneaking
Around and upside down
The whole world is crumbling in my hands
Oh please don't tell dad

I felt like I was invincible

But it turns out I'm not
I am only human And I always will be
Now could you please forgive me
Right now
