You relight My Fire
Fill me up with desire
You relight my fire
Can you make a believer of me?
Whoa-oh oh oh!

I can't take all the hurt and pain
That I felt before
I see my life goin' up in flames
I can't take no more

Girl what I am sayin'
I wanna grab you up and call you mine
No more love betrayin'
I'll trust you one more time

You relight My Fire
Fill me up with desire
You relight my fire
Can you make a believer of me?
Whoa-oh oh oh!

I've met people like you before
and I fail to see
One thing that I can say for sure is
that I believe

Girl what I am sayin'
I wanna grab you up and call you mine
No more love betrayin'
I'll trust you one more time

You relight My Fire
Fill me up with desire
You relight my fire
Can you make a believer of me?
Whoa-oh oh oh!
