I'm down down when you get down  
And you're down down when I get down  
And I'm down down when you get down  
And you're down down when I get hurt  
And not down  
Feel that I could cry when you're down  
Wipe a tear from your eye when I'm down  
Try to stay alive when you're down  
Down because of you  
Caught up caught up in the back page  
Last out last out to the last train  
And I've tried tried to get to you  
Caught up caught up in the back page  
Last out last out to the last train  
And I've tried tried to get to you  
It's all that I can do  
You're down down when I get down  
And I'm down down when you get down  
And you're down down when I get down  
Turned away from a heart that walked away  
Things shouldn't be this way  
Even though I begged you to stay

Caught up caught up in the back page  
Last out last out to the last train  
And I'll try try to get to you  
It's all that I can do  
Caught up caught up in the back page  
Last out last out to the last train  
And I'll try try to get to you  
It's all that I can do

#### **INSTRUMENTAL**

She tell nobody bout herself  
She tell nobody bout herself  
I'm not a fan of sad  
She tell no one bout herself  
I cannot let her go  
I'm not a fan of sad  
I'm down down when you get down

And you're down down when I get down  
And I'm down down when you get down and I'm down  
Down because of you  
Caught up caught up in the back page  
Last out last one to the last train  
And I'll try try to get to you  
It's all that I can do  
Caught up caught up in the back page  
Last out last out to the last train  
And I try try to get to you  
It's all that I can do

INSTRUMENTAL

It's all that I can do
