Buried in traps struggling through wires  
Never forget to whet your claws and walk around eyes  
open wide  
To be a typhoon to become a morbid sky  
In this flaming pit called life  
And if I lose, at least I've tried

[Chorus]

To resist the fake - walk around eyes open wide  
To resist the fake - walk around heart open wide

My eyes they are so blinded by  
Your sunshine of fake and dastard smiles  
My heart I cut it out for you  
Just to show it is opened wide

Step by step I'm bounded in  
Focused on my believes  
Whatever it is a flaming pit of life  
And we all are burning bright

[Chorus]

To resist the fake - walk around eyes open wide  
To resist the fake - walk around heart open wide

Buried in traps struggling through wires  
Never forget to whet your claws and walk around eyes  
open wide  
To be a typhoon to become a morbid sky  
In this flaming pit called life  
And if I lose, at least I've tried

The engine will be my will  
Searching for a piece of truth  
In a labyrinth of selfish prayers  
In a hall of fallen gods

And we lose so much for nothing  
So many dreams we sell for shit  
But I know we play on the same field  
So lets play brutal heart open wide

Oh my thoughts you won't bleed  
For their demon wine  
Cause their darkest enemies  
Now see eyes open wide

[Lead - Chris]

Buried in traps struggling through wires  
Never forget to whet your claws and walk around eyes  
open wide  
To be a typhoon to become a morbid sky  
In this flaming pit called life  
And if I lose, at least I've tried
