I get a little tongue twisted
Everytime I talk to you when I see you
And I'm so glad that you just missed it
The way I stare to memorize your face
To kiss you in my mind
Love you all the time
Chorus
'Cause when I close my eyes
I still can see your smile
It's bright enough to light my life
Out of my darkest hour
(1st and 2nd time only)
Please believe it's true
When I tell you I love you
I've taken to many chances
Searching for the truth in love, it's in my heart
Tell me if I make the wrong advances
Tell me if I've make you feel ashamed
'Cause I know I have to do this
Would you hold my hand right through it
(Repeat Chorus)
Oh, whoa
Had to let you know just what would happen
Yes, I had to let you know the truth
Know I've got to do this
Would you hold my hand right through it
Would you...
(Repeat Chorus Twice)
I know now this is ture
When I tell you I love you
Oooo, oh yeah
