LOVE TOY

(Lawrence Dermer, Joe Galdo and Rafael Vigil)

Doo wop bop
When it comes to boys
Mamma always said
Never let any temptation
Go to your head

Doo wop bop
Oh but it's so tempting so delicious
When I kiss your lips
When I feel your fingertips

Cause ooh, you my love toy
No batteries required
Ooh you're my love toy
Wind me up and I start to move
Ooh you're my love toy
No batteries required

No, no, no I'd be so ashamed
Beisdes I've got my reputation
to maintain
Must you be so darn persistent
Tryin' to make me weak
'Bout to knock me off my feet

Ooh, you my love toy
No batteries required
Ooh you're my love toy
Wind me up and I start to move
Ooh you're my love toy
No batteries required

Doo wop bop, ooi ooi doo wop,
doo wop bop
You are always in the sly
When I see you smiling

With that look in your eyes
Whispering those little secrets
You really turn me on
Doo wop bop
Makes me wanna have more fun

Ooh, you my love toy
No batteries required
Ooh you're my love toy
Wind me up and I start to move
Ooh you're my love toy
No batteries required
Ooh...que rico

Ooi ooi doo wop bop
No batteries required
Ooi ooi doo wop bop
Love toy
Ooi ooi doo wop bop
No batteries required
Ooi ooi doo wop bop
Love toy
