REMEMBER ME WITH LOVE

(Gloria Estefan)

If one day you should go away
I know you say you'll always stay
Oh, but life takes funny turns at times
And has a way of changing minds
Though I could never be your friend
To me the end would be the end
But we've shared so much happiness,
just remember
I know you tell me every day
You'll love me till the end of time
I tell it to you just in case
Someday you are no longer mine
There's just one thing I'll ask of you
Since both of us have much to lose
For all the things we've made it through
Just remember, please remember

Chorus

Remember me with love baby, remember me
with love.
No matter where or when, if you think of me
again.
Remember me with love.
Remember me with love baby, remember me
with love.
I know you care for me, but if one day you set
me free
Remember me with love.

Seems like everywhere I go
Somebody else is breaking up
I know as far as I'm concerned
With you I'll always be in love.
But if one day you feel differently
All you have to do is come to me

I will let you go so easily, but remember,
please rememeber.

Chorus
