SEAL OUR FATE

(Gloria Estefan)

They say it's never too late and though that
might be the case sometimes
The sad truth of it is opportunity won't
knock twice
You can put off until tomorrow but tomorrow
might never come
Gotta think about the future 'cause today soon
will be long gone

Where will you be a few years down the line,
Will it be everything you've dreamed of
It's always harder to do what is right
Sometimes one bad decision can mess up
your life

Chorus

We seal our fate with the choices we make
But don't give a second thought to the chances
we take
Could come up anytime better be wide awake
'cause we
Seal our fate with the choices we make
Seal our fate, seal our fate, seal our fate, seal our
fate with the choices we make

Surely, you say, it's not as bad as you make
it sound
If we make a mistake you can always turn it
back around
Get back on the straight and narrow when I'm
through having all my fun,
After all it's my decision, I'm not really
hurting anyone

Before you know it's gotten way out of hand

In ways that you had never dreamed of
Never worth the price you pay in the end
Instead of being ahead you're starting
over again
