SEX IN THE 90'S

(Gloria Estefan and Jon Secada)

Tell me that I'm crazy 'cause I love to have fun.

Stay up all night and party go to bed with
the sun

Always on the dance floor till the end of
the night.

And if I go home alone then everything
is alright.

Love and romance just ain't the same anymore

What can you do, accept or ignore

I thought I was wise about the ways of
the world

But you gotta be crazy to have

Sex in the 90's, sex in the 90's.

Saturday night I should decide what to do.

But whatever it is I think the question's
with who.

Spontaneity's dead we should accept our
own fate

Or make a serious commitment to 976-DATE.

You've come in a long way baby the saying
is true

If the 70's freed our inhibitions what good did
it do.

Gotta shut it in, get it out turn it away

'Cause you gotta be crazy to have

Sex in the 90's, sex in the 90's,

Sex in the 90's...
