WHAT GOES AROUND

(Clay Ostwald, Jorge Casas and Jon Secada)

We go around lie to one another
Without a second thought
Don't you think we're fooling each other
Like this we can't go on.
No respect or consideration, where has your
conscience gone
Take a step in the right direction or this won't
last too long

Chorus

What goes around comes around
You got to stand your ground
Be careful wath you say or do
Whatever goes around comes around

Once again you got away with it
Are you happy now
Watch your mouth, don't put your foot
back in it
Gets back to you somehow
I must say you tell a good story
Of things I know ain't true
You turn around and say you're sorry
With a straight face attitude.

Chorus

What goes around comes around
You got to stand your ground
No matter what road you take
Whatever goes around comes around.

Bridge

Don't you underestimate this girl
You will only fool yourself
Are we gonna live with this when there's so
much at stake

There's no way we're gonna make it
A change is overdue
Live and learn to love one another
It's all up to you

Chorus
