This cop that the robber is thinkin' of  
Stole his heart and they fell in love  
They was makin' love at the scene of the crime  
Drinkin' a gram of gin with a twist of lime

Commissioner never heard about it  
Well, he'd throw her in and he'd kick him out  
But oh to him she could never lie  
And he'd steal anything that up and caught her eye

Said oh your occupation  
Is not the vital information  
I love the woman in your eyes;  
You're some fun I recognize

He said stealin' right now is where I'm at  
He searched his heart and he could deal with that  
She said detective work is my chosen line  
Said oh your occupation  
Is not the vial information  
I love the woman in your eyes;  
You're some fun I'm gonna recognize

She never got ? you know she did  
I wanna settle down, I wanna have a kid  
She tore off her mask, said I love you  
He stole her ring and said I love you too

Said oh your occupation  
Is not the vial information  
I love the woman in your eyes;  
You're some fun I recognize
