You trampled on my poor boy feet tonight
Oh, you trampled on my poor boy feet tonight
You got me out on the edge of the universe
Tossin' out the darts

Yeah, I'm wondering why you treated me like you do
Oh, I'm wondering why you treated me like you do
You got me crawling out of this hole here in my shoe

Now I was fallin out of the arms of all her fusion
Oh, now, I am fallin out of the arms of all fusion
Cause I saw the ? mama, saw you overcome solution
Tell me why my baby you got your work coat on
Oh, I'm wondering why you got your work coat on
That only leaves one thing baby to toss my blue dart on
(only one, now)

I'm tossin my blue dart on (3x)
