Now here's a fella who started shootin' off a guy  
"hey wow man, nice tie -- it looks sharp daddy-o"  
Here it comes!

Meanwhile across the dial  
I can't sleep for the sound of a file  
Woaa haha

? commandos  
Rehearsin' alabis  
I'm at my back window watchin' all the passers by

King shrugs  
Dismissin' thugs  
They walk out across the people he uses as rugs  
She's no good for you man  
Later on he's on tv  
He says I'm just the same as you  
And the rug folk know he's lyin' too

My teachers say nope  
And the pope shoots dope  
It's all up to my elbows, mama  
And I'm slippin down the goddamn rope

Hey, dick! come quick!  
Every soul is a precious ? nova's wick  
In the fire place  
There's letters and they're burning fast  
And there's never been a shortage of public opinion in  
the past  
Silver threads wound upon a skein of death.  
Mortals toil away their tallied days like insects beneath  
a reign of breath.  
Oh shit! and here it comes...

My teachers say nope  
And the pope shoots dope.  
It's all up to my elbows, mama  
And I'm slippin down the goddamn' rope.  
Oh, and here it comes....

Now here's a fella who started shootin' off a guy  
"hey wow man, nice tie -- it looks sharp daddy-o"  
And here it comes....  
"you gotta believe me people, your principal of your  
high school,  
Chances are he told you some lies. and your history  
teacher he or  
She told you bullshit. and a lot of books you read,  
guess what?  
Esepecially if a teacher or a government person gave  
them to you --  
They're a crock of fuckin' shit."
