Well I've tried to be a good man, but I lose control in sleep. I've tried to keep us both afloat but the water's getting deep. Now it's time; the bells are tolling, and I know we won't both make it out alive.

Yeah you're singing to me baby, of all the things you'd do for me. You've got the tears to flood the dam, but you've damned the air I breathe. There's a switch that I've been holding, with the power to bring this world to it's knees.

I'll throw you off of my back if it's the last thing I do, I won't hold on to you. Sorceress; your spells, will not shatter my dreams, they will not protect you.

I'll show you a spell.

Woah-oh-ohhhhh! Every memory we shared. Every plastic word you uttered, falls away!

No one tears me from my Savior's arms!

Consider this your farwell letter. We'll be better off at a distance. If there's any of the real you left in there, you won't sleep tonight. You're screaming my name, but I can't pick you up.

Woah-oh-ohhhhh! Every memory we shared. Every plastic word you uttered, falls away!
Woaah-oh-ohhh! I don't wanna let you go. But it's over if I don't, so get away.

I'll show you a spell.
