1 - All day, all day, every day  
All day, all day, every day  
All day, all day, every day  
All day, all day, every day  
This is how we do every day, all day

Repeat 1 three times

Don't get it twisted  
Make no mistake  
I keep it real  
With every jam I make

Tempo's down  
Bumpin' hip-hop beats  
They feel me most  
Out here on the streets

And I don't care  
If you think I'm loud  
I'm sensitive  
When my man's around

My clothes stay baggy  
That might be so  
Dress like my brotha  
But I'm sexy y'all

2 - With my style flow  
And Baggy clothes  
Loose style is how we go  
Every day and all day  
This way is how we stay

Don't care what they say  
I stay right anyway  
Every day and all day

This is how we do every day, all day

Don't try to play me

I'm not the one  
Might be a shorty  
But I'm having none

Alot of people  
They think they know  
How I gets down  
And how I flow

And I don't care  
About Versace wear  
Channel, Moschino  
That shit is outta here

I got a dirty mouth  
That might be true  
No disrespect  
But fuck you

Repeat 2  
Repeat 1  
Repeat 1  
Repeat 2  
Repeat 2

This is how we do every day all day  
Like this and like that

Repeat until fade
