Trying to understand, someone like you can sleep at night

Or are you too busy playing God to fuckers that are chewing on your lies

Another loser born?

Fed on my fragile mind, still I stood up on my broken knees

'Cause everything that you took gave me immunity to your disease

Another life is torn?

I won't hear, I won't see, I will never be a part of your cause

'Cause I'm alive and I still breathe and you're just a fucking waste of

Time, what you tried to offer me, was it really worth it?
Sew up this hole inside of me 'cause you'll never take it

I don't fear what you are 'cause you're only dangerous to what is weak

Clinging to the stories you create you make a living off of souls that bleed

Another dotted line

I won't hear, I won't see, I will never be a part of your cause

'Cause I'm alive and I still breathe and you're just a fucking waste of

Time, what you tried to offer me, was it really worth it?
Sew up this hole inside of me 'cause you'll never take it

Time, what you tried to offer me, was it really worth it?
Sew up this hole inside of me 'cause you'll never take it, I

I'm, becoming of nothing, this is what you started
I'm, becoming of nothing, this is what you started
I'm, becoming of nothing, this is what you started
I'm, becoming of nothing, this is what you started
I'm, becoming of nothing, this is what you started

Time, what you tried to offer me, was it really worth it?
Sew up this hole inside of me 'cause you'll never take it
Time, what you tried to offer me, was it really worth it?
Sew up this hole inside of me 'cause you'll never take it

Never take it, never take it, never take it
Never take it, never take it, never take it
Never take it, never take it, never take it
