Fall in denial of
I break I give into myself
Control, I break
I cannot be saved again
Before you take all that was to be mine
Give in because everything you taught will become

Burned - in my mind
Burned - redefined
Burned - sterilized
Burned - why?

Stain all the undeserved
Deny my insight has become
Control I break
Suffocate inside me
Before you take all that was to be mine
Break it down cause everything you taught will become

Burned - in my mind
Burned - redefined
Burned - sterilized
Burned - why?
