Don't bring me down

Don't bring me down

don't come around

don't bring me down

everytime we think you've found the things

you've looked for all around

well you were simply out of town

while we were cold and lonely

things were turning upside down

and there were rumors underground

and you were simply out of town

while we were cold and lonely

yeah, yeah

(chorus)

everytime we think you've found the things

you've looked for all around

well you were simply out of town

while we were cold and lonely

things were turning upside down

and there were rumors underground

and you were simply out of town

while we were cold and lonely

yeah, yeah

(chorus
