[Verse 1]

I used to think
There's no such thing as love
'Cause tell me where's your proof
Now the only proof I need is
80 strong and in front of me
When your memory's on the loose

[Pre-Chorus 1]

So many times I've watched you drown
But like an old friend you keep coming around

[Chorus]

Do you remember
We used to greet the dawn
Singing and swaying to a love song
Now I see the sun rise
Through bloodshot eyes
And it's another whiskey dawn now that you're gone

[Verse 2]

You used to look at me
With eyes of amber and green
I can see their color in my glass of whiskey
So I take em in
Like I did back then
And I'm high on the way it hits me

[Pre-Chorus]

As I drift away my vision starts to blur
The only thing I can see clearly is her

[Chorus]

Do you remember
We used to greet the dawn
Singing and swaying to a love song
Now I see the sun rise
Through bloodshot eyes
And it's another whiskey dawn now that you're gone

[Bridge]

Now that your gone I'm so alone
(Are we just way beyond sorry)
And I've made this bar my second home
(I'm not the man I used to be)
Sometimes it feels like you're right here next to me
But it couldn't be

[Chorus]

Do you remember
We used to greet the dawn
Singing and swaying to a love song
Now I see the sun rise
Through bloodshot eyes
And it's another whiskey dawn now that you're gone

Do you remember
We used to greet the dawn
Singing and swaying to a love song
