I've seen a heaven that no one's seen  
Right in between your words  
Right here in heaven  
Where we both lie  
Your lips pressed tight on mine...

A gaze in the distance  
Led to my disposition  
Never cared for affection  
Always cared for attention  
A change in my actions  
In the strangest direction  
Never cared for affection  
Always cared for attention

Maybe again real soon...  
I don't mean to push this  
But I feel oh, oh, oh, oh  
Maybe I'm meant for you  
You clear my vision,  
Oh so clearly oh, oh, oh

I've seen a heaven that no one's seen  
Right in between your words  
Right here in heaven  
Where we both lie  
Your lips pressed tight on mine

The story continues  
It felt like love  
But I was scared to call it love  
I was fearful, like a boy  
Oh so fearful  
'Till I finally told her  
I told the girl "you know I love you"  
Then from there it was something  
Yes from there it was heaven

Maybe again real soon...  
I don't mean to push this  
But I feel oh, oh, oh, oh  
Maybe I'm meant for you

You clear my vision,  
Oh so clearly oh, oh, oh

I've seen a heaven that no one's seen  
Right in between your words  
Right here in heaven  
Where we both lie  
Your lips pressed tight on mine

If life is so much more  
And happiness is bliss  
Then love can be my travel map  
And I can be your kiss  
These lips have never felt  
I've never felt like this  
I want you to remember me  
Remember me like this  
(Remember me like this)

I've seen a heaven that no one's seen  
Right in between your words  
Right here in heaven  
Where we both lie  
Your lips pressed tight on mine
