So you're the sickness I adore indiscreetly,
Pain feels so natural here.
You have me in a whirlwind of obsessive behavior,
A day feels like a year
I'm falling over the top of my head,
I'm surprised I'm standing up but somehow you've
always got me chasing this tricked out love
My apologies fuel your impulsive behavior, with a grin
set on your face, while I'm trying so hard while you're
raising your guard to let all these ends meet
(Let all these ends meet)

Lets call this over exposure,
You've got me on my knees,
I'll beg for one more shot then,
Don't you see what you're doing or are we both blind,
You are passive aggressive

So now I've finally fallen over all the curves of your
words,
Excuse my honesty but baby I can't make this work,
We've fought to long and way to hard with these
blisters in our hands and I'm trying so hard while you're
raising your guard to let all these ends meet
(Let all these ends meet)

Lets call this over exposure,
You've got me on my knees,
I'll beg for one more shot then,
Don't you see what you're doing or are we both blind,
You are passive aggressive

It's hard to breathe the air out here.

Lets call this over exposure,
You've got me on my knees,
I'll beg for one more shot then,
Don't you see what you're doing or are we both blind,
You are passive aggressive
