Same old song on the radio tonight  
One about wine and roses and candlelight  
But I'm getting all from you with every town that i play  
Maybe this distance is more than we can take

Some where in east texas your out alone  
But I cant dry tears on the telephone  
But I'm coming back to you I swear  
I'll make it right im making my way back home on a red  
eye midnight flight

Ew baby here I'm comin' home  
Cause I can't love you on the telephone  
Ew darlin I Swear I'll make it right  
No more lonely east Texas nights  
No more lonely east Texas nights

2, 3, 4  
Ew baby here I'm comin' home  
Cause I can't love you on the telephone  
Ew darlin I Swear I'll make it right  
No more lonely east Texas nights  
No more lonely east Texas nights

Ew baby here I'm comin' home  
Cause I can't love you on the telephone  
Ew darlin I Swear I'll make it right  
No more lonely east Texas nights  
No more lonely east Texas nights
