Take a look at the world through Mr White Bob's eyes,
You need to recognise, you better recognise!
That I'm a gangster... to the highest degree,
And I challenge any motherfucker who should disagree

You better show me some respect and that I'm serious
about,
Even if you bigger than me, I'll straight up knock you
out
Cos I take no bullshit from any son of a bitch,
Been droppin hit records since Grandma Don't Be A
Snitch

And I'm takin over the rap game, you best believe it's
true,
To all my fuckin' critics, I take a shit on you
Cos that's what I do cuz, I prove all the doubters wrong,
I may be a skinny honkie, but that don't mean I'm not
strong!

Chorus:

And I'm a gangster! Yes I'm a gangster! Motherfuckers
everywhere,
I'm a gangster! Said I'm a gangster! Yes I'm a
gangster! You best
believe it motherfuckers I'm a gangster! Yes I'm a
gangster! Said
I'm a gangster! Keep runnin' when you see me comin'
cos I'm a
gangster! Yes I'm a gangster, said I'm a gangster! Uh-
huh uh-huh
oh yeah! Come on!

Now there once was a time when I was what you call a
bit soft,
Till someone fucked with me and got me right pissed
off
Now if you wanna step to me, you'll need a bulletproof
vest,
Cos my honkie who lives round the corner keeps a
machine gun on

his desk

And we will fuck you up, you best believe the words I
says,
I'll pop a cap so far up your arse you won't be able to
shit for days
See I'm just the type of chap who can handle his
business,
And I've recently discovered most psychotic
tendencies

So find some other geezer that you wanna annoy,
Coz I wanna kill, kill, kill... yeah I wanna destroy!
Just think yourself lucky you've the option to choose,
Cos my lifes already fucked, I've got nothing to lose

Chorus:
Cos I'm a gangster! Yes I'm a gangster! You best
believe it
motherfuckers I'm a gangster! Said I'm a gangster, yes
I'm a
gangster, keep runnin' when you see me comin' cos I'm
a gangster!
