Ooooooooooooooooooooooooooooooooooooo

Let the sun rain down on me
'Til covered in dew
All pink all new and reborn
Cut past the grey and countless forms
Condemned to be killed or be conquered

Ooooooooooooooooooooooooooooooooooooo

Slender as a carp you are
Your skin defiantly silver and so sure.
As for me I am not so sure.
I watch you skate like a knife beneath the water.

Ooooooooooooooooooooooooooooooooooooo

Though I can't see clearly ahead of me
I cannot stop it once I'm set a-spinning.
Oh what can it mean?
Why must I always see the ending at the beginning?

Ooooooooooooooooooooooooooooooooooooo

Together going arm in arm
To meet our solitude, to meet it head on.
I'll meet you where the water's warm.
To meet my solitude, to meet it head on.

Ooooooooooooooooooooooooooooooooooooo

Though I can't see clearly ahead of me
I cannot stop it once I'm set a-spinning.
Oh what can it mean?
Why must I always see the ending at the beginning?

Ooooooooooooooooooooooooooooooooooooo
