Watching you,  
Watching me,  
I know you'll be watching me.

All the time,  
Overtime,  
You'll be working over-

Time is in your hands,  
Beginning to End,  
In your plan,  
Everything I see in your control.

I know you,  
You'll release,  
Fugitives and the captives free.  
I know you,  
You know me,  
Deaf will hear and the blind will see.

Bring me down,  
Watch me fall.  
You pull me apart tonight.  
Repair me,  
Build me up,  
You pull me apart tonight.

Could it be with purpose?  
Or could it be a lifetime away?  
I wrote this down to get this off my chest,  
And this is what I say.

Bring me down,  
Watch me fall.  
You pull me apart tonight.  
Repair me,  
Build me up,  
You pull me apart tonight.

Take your time, I'll be waiting.  
Take my hand and I will walk with you.

X4

Swimming in this deep blue ocean,  
You reach out your hand and motion,  
"Come with me my burden's easy,  
I will lead you on this journey."
