Two faces looking up at me,  
With an open hand,  
With an open hand.  
Life is a gift, you see,  
Don't leave it all unwrapped,  
Take it in your hand.

Two faces looking up at me,  
Each with life ahead,  
Though one be free of dread.  
Life is a choice, you see,  
Don't leave it until the end,  
You'll never see that bend.

So this is life  
Welcome to it  
Then say goodbye

Two choices lay ahead for you,  
Destinations known,  
For each path you're shown.  
Will you take the crowded walk,  
Or will you walk alone  
This twisted lonely road?  
When you've been here for eighty years,  
Will you look back and wonder where your time has all  
gone,  
Has it been that long already, have you wasted your  
life?  
Wasted your time?

So this is life  
Welcome to it  
Then say goodbye

Two choices lay ahead for you,  
Destinations known,  
For each path you're shown.  
Will you take the crowded walk,  
Or will you walk alone  
This twisted lonely road?

Time won't change,  
But footsteps can be changed if un-walked they may  
still be.
