I am stuck in here
I can't get away
And before I die, I want to remember how fresh air
smelled like
How it smelled like, and how it felt to my bare skin

Hook:

Oh please help me
Oh please help me
Escape
Escape
Oh I want to escape
Escape
Escape
Oh I want to escape
I am stuck in here

They chained my feet to the ground and hands to the
wall
What should I do?
Oh what should I do?
And before I die, I want to remember how fresh air
smelled like
How it smelled like, and how it felt to my bare skin
