I'll make a career of lovin' you  
there's nothing else I'd rather do  
'cause I spend all my time with you on my mind  
I'll make a career of lovin' you  
Jobs aren't easy to hold, when you have trouble doing  
what you're told  
But there's nothing you have to say when you've had a  
hard day  
I just take you in my arms, make love to you  
I can't offer you much, but can't you tell by my touch  
That I would do overtime, and heaven on earth'd be  
yours and mine  
I promise you this  
I'll work hard for every kiss  
I'll make a career of lovin' you  
there's nothing else I'd rather do  
'cause I spend all my time with you on my mind  
I'll make a career of lovin' you
