

## Spirit Of The West "Big Head"

Visit "[Big Head](#)" on [MotoLyrics.com](https://MotoLyrics.com)

don't let me spend my career  
wound up in a bell jar the pop star gone too far  
don't let me end up in here  
a self-centered spaceman out orbiting graceland  
hey check out my placeman  
this is disgraceland  
i don't want to be the man with the big head  
never let me be the man with the big head  
i'd rather live John Burrow's life instead  
of being the man with the big head  
don't let me take up the fight  
receive benediction from president nixon  
don't leave me too long in the lights  
i'll drop like the king wearing Icarus wings  
lights do funny things to some  
lights make my makeup run  
i don't want to be the man with the big head  
never let me be the man with the big head  
i'd rather live John Burrow's life instead  
of being the man with the big head  
i hope that you'll never see  
me shirtless and groovy, in love in B movies  
and when i talk about me  
you'll know things have worsened  
when i'm in the 3rd person  
i'm some other person  
i'm somebody's purse and  
i don't want to be the man with the big head  
never let me be the man with the big head  
i'd rather live John Burrow's life instead  
of being the man with the big head
