This is what we want, you know how to get it
Bring it on home, rub our faces in it
Show us something shocking, show us something grim
Show us something more
Cause the something's wearing thin it on down
Don't let me down
Don't let me down
Don't let me down

Read all about it, hot off the press
This story's for you, a world in distress
It's front page news, can't miss the headlines
As bold as the brass imposing the deadlines down...
Bring it all down
Bring us all down
Bring us all down

Just another day for 'Where were you when...'
Another scrap for this vulture's pen
Aftermath won't add up or end
Death's the best seller
Death's the best seller again

Viewer discretion is always advised
The blacker the pictures, the more it is prized
The following footage is like staring in the sun
Everytime you close your eyes the picture burns and reruns
Burns and reruns, burns and reruns, burns and reruns

Just another day for 'Where were you when...'
Another scrap for this vulture's pen
Aftermath won't add up or end
Death's the best seller
Death's the best seller again

Aaah-ha-ha yea-ee-yea just another day
Aaah-ha-ha yea-ee-yea just another day
Aaah-ha-ha yea-ee-yea just another day
Aaah-ha-ha yea-ee-yea just another day
