Go on and close your eyes, go on imagine me there  
She's got similar features with longer hair  
And if that's what it takes to get you through  
Go on and close your eyes, it shouldn't bother you

You never had to wait for nothing in your life  
I guess wanting me must have been a steel blue knife  
And when night after night the scent of passion would  
linger  
You had to have the jewels wrapped around your finger  
Now you keep running down the road in your midnight  
state of mind  
Curiosity kills if you can't read the signs

Go on and close your eyes, go on imagine me there  
She's got similar features with longer hair  
And if that's what it takes to get you through  
Go on and close your eyes, it shouldn't bother you

Dancing with the wall made you bitter and sweet  
There ain't much you can do when they just lay it at  
your feet  
But you could tell by the song I wanted to be the one  
Did you listen again when the damage was done  
Now the paint's still wet in your do-it-by-number dream  
Are you gonna tell me how it felt, will you tell me what it  
means

Go on and close your eyes, go on imagine me there  
She's got similar features with longer hair  
And if that's what it takes to get you through  
Go on and close your eyes, it shouldn't bother you

Was it want with no desire?  
Was it smoke with no fire?  
Did I say it doesn't rip me apart...I lied  
I'm sorry dear my hands are tied

Go on and close your eyes, go on imagine me there  
She's got similar features with longer hair  
And if that's what it takes to get you through

Go on and close your eyes, it shouldn't bother you
