I came here to let you know  
The letting go  
Has taken place  
I have held the winter's son  
Become one  
Set my pace  
Isn't that what we wanted all along  
Freedom like a stone  
Maybe we were wrong  
But I can say goodbye  
Now that the passion's died  
Still it comes so slow  
The letting go

Piece by piece I take apart  
This complicated heart  
And I hope to find  
Something I can prove is real  
I can feel is truth  
I can say is mine  
That's all I even wanted to be  
The closer I got  
The further I could see  
But when lovers change  
And the night feels strange  
We choose our road  
The letting go

I came here to let you know  
The letting go  
Has taken place
