That's a good question, why am I standing out here  
alone  
I guess I don't know enough to come in from the rain  
I was watching your window from here below  
I think I just might stay here all day cause I gotta do  
something

(CHORUS)

If I can't love you, I don't want to love you  
If I can't hold you, I don't want to be thinking of you  
And if you don't want me, I don't want to want you  
And if you won't see me, I don't know what to do  
But oh keep watching you until I see right through  
Oh I keep watching you

You could throw me down a cigarette  
I smoked my last one quite a while ago  
No, I gave it to the man that swore he had no need  
You know sometimes if I listen real close  
I can hear the dark side of the moon  
And there's always yesterday's Times if I care to read  
And I gotta do something

(CHORUS)

Sure I'm alright, no I'm not very cold  
Every now and then I can feel the subway heat  
So go on inside, I'll leave you alone  
Anyway Bogart's on in the window down the street  
And I gotta do something

(CHORUS)
